

Storytelling Class for Kids

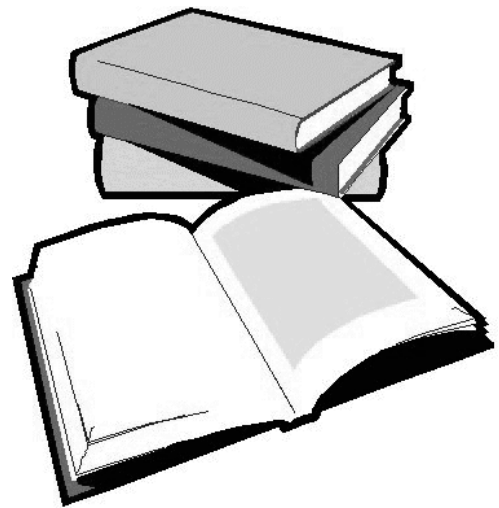

What: Learn how to create your very own computer storybook. You'll get to write about anything you want, add pictures, and draw your characters into the story!

Who: Kids ages 8-12 from the Clarendon Hill Apartments and surrounding areas.

Where: The CHA Computer Lab.

When: Monday and Wednesday evenings from 5:30 to 7:00. The first class will be held on Monday, March 28th!

Monday evenings will be training classes, while Wednesday evenings will be “free play” for kids to practice what they learned. Classes will run every week until mid-May.

More information: Participants in this **free** class will be using eToys, an interactive computer program designed with kids in mind. They'll learn how to draw “sketches” using eToys and use these sketches to create a story about a topic of their choosing. Creativity will be emphasized...and ultimately, the goal of this class is to have **FUN!**

If you're interesting in signing up for this class: Please call Lince or Franklin from The Haitian Coalition at 617.625.6400. Or, send an email with your name and contact information to etoysclass@gmail.com and we'll get back to you shortly! Space is limited, so please RSVP.

Thanks, and we hope to see you soon!
